

Character Sample Wall F : Poorly designed massive wall that does not relate to its setting

Character Sample Wall G : This wall form has been repeated across several properties

Character Sample Wall H : Wall arranged well but dominates area with a fortress style character

Character Sample Wall I : Rock base and general color match form of area slopes but needs more detail

Character Sample Wall J : Though not a natural looking wall, this design treatment provides variation in color, texture and shadow patterns

Character Sample Wall K : No attempt was made to fit these walls into the forms, material and color of the adjacent area
