2. List the names of all persons having any ownership interest in the property involved.

_____	_____
_____	_____

3. Submit a legal description and plat on 8 ½" x 11" paper describing and illustrating the portion of the public right-of-way to be vacated. Provide a traverse closure.
4. Applicants for projects requiring public hearings are responsible for providing current, accurate, and complete public notification materials to the City. Any errors and/or omissions in the packet of noticing information may invalidate the public hearing and result in additional cost and delays to the applicant.

The following information must be submitted to the City Engineering Department before a project can be placed on an agenda for hearing by the Planning Commission or City Council:

- a. Assessor maps at a true scale of 11 x 17 inches with a 500-foot radius from the boundaries of the subject property indicated on the map. The subject property must be highlighted and the radius drawn to scale. Reduced copies of maps are not acceptable. Please note: If the 500-foot radius encompasses fewer than twenty individual property owners, then the radius must be expanded to include a minimum of twenty individual property owners. The 500-foot radius will be used in most cases.
  - b. Assessor property owner list.
  - c. Two pre-addressed, postage stamped City envelopes for each assessor-identified owner of property within a 500-foot radius of the site and the subject property; an assessor parcel number shall be included for each. Additionally, two pre-addressed, postage stamped City envelopes must also be provided for surrounding cities and/or the County of San Diego, if property under their jurisdiction falls within a 2,400-foot radius of the site and the subject property. The City will provide logo envelopes to the applicant; contact the Engineering Department at (760) 633-2779 to arrange to receive the envelopes.
5. Submit a title report for the subject property. The title report must be a maximum of 30 days old and must include a plat showing all easements on the property to be acceptable.

Please contact the City Engineering Department at (760) 633-2770 with any questions.
