

## **City of Encinitas ENGINEERING**

505 South Vulcan Avenue, Encinitas, CA 92024  
Tel 760-633-2774 Fax 760-633-2818 [www.ci.encinitas.ca.us](http://www.ci.encinitas.ca.us)

The City of Encinitas has completed the awaited Monumentation project that will allow us to serve the public better by providing more accurate monuments throughout the city.

Beginning on November 1, 2004, all first planchecks of maps, grading plans, and improvement plans will be required to utilize the new network of monuments as the benchmarks for the projects. The survey control network booklet and location map are available now at the Engineering front counter for a fee of \$40.00. A copy of Record of Survey 18416 is also available at the front counter for \$5.00 per sheet.
